

●●● *Deb's Model and Personal Perspective on Parental Grief and 'Healing'* ●●●

I 'see' my transformational experience as going deep within my 'heart of hearts' working from the 'inside light out'

My journey involved [and continues to involve] an Interaction of multiple Processes [Intrapsychically, Interpersonally and Intergenerationally] and multiple Dimensions and Tasks [see Table of Grief Models] weaving together and evolving over time ~ anchored and supported by my faith, hope, and love and guided and blessed by healing grace ~ that led to a deeper 'reconciled Integration' of who I am as a unique Individual spiritual being and gave clearer focus to my meaning and purpose in life

'**HOLISTIC INTERGENERATIONAL GRIEF MODEL ~ HEALING of a FRACTURED HEART**'™

Individuality · Intrapsychic · Interpersonal · Intergenerational · Interactional · Integration
[Six 'eyes' of grief ©DLG]

This PROCESS entails actively moving toward 'wholistic healing' of one's 'fractured heart' over time by constructively working through the Dimensions, Processes and Tasks of Grief within the context of Integrating Self, Family, Community, and World Connections
